

Clean Energy® Corporate Fact Sheet

Overview

Clean Energy Fuels Corp. (Nasdaq: CLNE) is the leading provider of natural gas fuel for transportation in North America. We build and operate compressed natural gas (CNG) and liquefied natural gas (LNG) fueling stations; manufacture CNG and LNG equipment and technologies for ourselves and other companies; develop renewable natural gas (RNG) production facilities; and deliver more CNG, LNG and Redeem RNG fuel than any other company in the U.S.

We provide fuel to serve a broad customer base consisting of refuse, transit, trucking, shuttle, taxi, airport and municipal fleet customers in the United States and Canada and sell CNG equipment around the world.

Mission

We are the driving force moving America to use natural gas for transportation.

Services

Clean Energy offers operators of light, medium, and heavy-duty natural gas vehicle fleets:

- Natural Gas Station Engineering & Construction
- Natural Gas Fueling Technology & Equipment
- Natural Gas Station Operations & Support
- Grants & Financing

Solutions

We connect American fleets with an American alternative fuel source: natural gas. Regardless of fleet size, we create scalable natural gas fueling solutions. We also sell compression equipment and station consultation in over 20 countries around the world.
