

Document Title ENVIRONMENTAL MANAGEMENT SYSTEM POLICY			Document # POL-000013	IMW INDUSTRIES LTD.
Document Owner Quality Assurance	Approved By Colm Murphy	Issue Date (yyyy/mm/dd) 2021/01/12	Rev.# A	Page 1 of 1

I. PURPOSE AND SCOPE

As a requirement of ISO 14001, Environmental Management System (EMS), the EMS policy includes a commitment to the protection of natural systems, promote human welfare, to fulfill compliance obligations and continuously improve the environmental management system.

II. RESPONSIBILITY AND AUTHORITY

General Manager is responsible for making environmental policy publicly available, or available upon request.

III. POLICY

As part of our core mission to reduce environmental pollution we strive to be energy and environmentally conscious in all we do. IMW’s EMS policy is a declaration of commitment to deliver products and services through various activities with due regard for the environment, and in a manner which considers the nature, scale and environmental impacts of its undertakings, which fulfills the requirements of the ISO 14001:2015 standard. IMW’s EMS strives to comply with all applicable environmental legislation, statutory authority guidelines, relevant industry standards and considers the needs and expectations of all relevant interested parties.

IMW is committed to use best practice and processes and the efficient use of resources that will reduce or prevent pollution of any kind. The organization has implemented measures and defined controls in EMS register to reduce waste being sent to landfill, to reduce energy consumption, and ensuring that the environment, and the potential for impacts, is a consideration in everything that is done, including safe handling and appropriate storage of all chemicals and waste materials, as a means of preventing pollution. The organization continuously aims to improve its product to reduce the greenhouse gas emissions/carbon print through reducing gas venting on its compressors. IMW regularly reviews environmental performance and set targets and objectives to achieve continuous improvement.

IMW’s EMS policy is effectively communicated to all employees within the business, to ensure that they are fully aware of the organization’s goals in meeting relevant EMS requirements. The EMS policy will also be available to all relevant interested parties, as required. This policy is subject to review, and any changes required consequently will be communicated appropriately to all interested parties.
