

Drayage Truck Replacement Program

Due: Until funds exhausted
Program budget: N/A

**First come
First served**

Eligible projects:

Funding for this solicitation must be used to replace class 8 port drayage trucks with an Engine Model Year (EMY) 1998 through 2006 with a same class vehicle equipped with an EMY 2014 or newer and certified to EPA emission standards.

Eligible applicants:

Independent owner operators or licensed motor carriers that own Class 8 port drayage trucks equipped with an Engine Model Year (EMY) 1998 through 2006 and who frequently serve the port.

Funding cap per vehicle:

Class 8 (GVWR 33,001 lbs. and above)	50% of the replacement truck purchase price, or a maximum of \$25,000, whichever is less. Replacement must have a 2014 or newer engine model year.
--------------------------------------	--

General requirements:

- Truck engines must be between model year 1998-2006.
- Applicants may only apply for grant funding for a maximum of 2 replacement trucks.
- A 5-year program commitment is required where the participants' replacement trucks must perform regular operations at Port Authority Marine Terminals by making trips to the Marine Terminals for a minimum of 150 times.
- Vehicle must have been owned and operated for 24 months prior to replacement.
- Old vehicle must be scrapped. Vehicle must be operational on the date that is scrapped.
- Clean title
