

## Alternative Fuel Grant Program

**Due:** Until funds exhausted

**Funding total:** N/A

**First come  
First served**

### Eligible projects:

Funding for this solicitation must be used to **repower** vehicles to run on natural gas, propane, or electricity.

### Eligible applicants:

Eligibility will be determined by the Utah Department of Environmental Quality. Applicants will submit a preliminary approval application to identify the applicant, installer, and vehicle information. If determined eligible, applicants will have to submit necessary documents listed in the “Required Documents” section of this summary.

### Funding cap per vehicle:

---

Up to \$2,500 per vehicle conversion to run on natural gas, propane, or electricity

---

### Require documents:

- Completed preliminary approval application
- Business registration and license
- Installer CSA or ASE F-1 certification
- Invoice of conversion
- W-9
- Vehicle inspection or functional statement
- Vehicle registration
